Alan

Further to my email to you of 27 January (below) I now confirm that the reports will be released on 9 February in Christchurch in the afternoon.

We will provide you with the updated Collapse Report and Chapter 5 of the Panel Report in advance of the release. The Site and Materials Report has not changed so will not be included.

We have in mind to send a CD rather than a hard copy. Please let me know your preference.

Alan

I acknowledge receipt of your email of 24 January requesting the date of release of the CTV Reports. I had hoped to advise you by now of a confirmed date. In view of your follow-up letter, this email is to advise that the proposed release date of 9 February is still subject to approval. I will keep you posted on developments on this.

I have referred your letter to others in DBH for consideration of the request for early embargoed release to ARCL, and will inform you of the outcome as soon as possible.

Please treat this information as strictly confidential and as coming within your confidentiality undertaking.
