Subject: FW: Earthquake prone Buildings

Hi Sara

Herewith a copy of the Policy and a summary thereof.

In answer to your questions:

- Yes, Council has developed the Policy
- Council consulted publicly on the Policy
- Council developed and circulated a summary of the Policy to all concerned.
- Council organised a public meeting attended by more than 100 building owners where the policy was discussed and very constructive feedback was received.

In short, the Policy provides for compliance to 34% of Code for low risk, low occupancy buildings and 67% for high risk, high occupancy buildings as well as buildings with a post-earthquake purpose.

I trust that this information is of assistance

Kind regards
Paul

Paul Pretorius
Chief Executive Officer
