Subject: Hutt City Council - Earthquake prone policy

Hi Sara,
further to our telephone conversation this pm.
The HCC is meeting on 2 November to approve a new Earthquake Prone Building Policy. It has been subject to the Special Consultative Procedure and a public meeting called for those interested in discussing the draft policy.
The Council has undertaken a major upgrade of its electronic records system and as a result my computer is not working as it should !
I have been advised the problem will be fixed in the next 12 hours....
After the Council meeting on 2 November I will send you the new approved policy and other background information which I trust will be of assistance to you and answer the questions you have asked for our answers to, as per your letter dated 27 October. I will email this to you on 3 November as the Council meeting starts at 6.00pm
