

HEARING RESUMES ON TUESDAY 17 JULY 2012 AT 9.30 AM**JUSTICE COOPER:**

Well Commissioner Carter has succumbed to the flu or whatever it is. He is
5 returning to Auckland and we will not be able to sit today and it will not be
possible such as his state for us to resume until next Monday so I am sitting
now simply to announce he is unwell and to formally adjourn the proceedings
until next Monday at 10 o'clock. It is regrettable but we cannot continue on
the basis that he can come back when he is well. I take the view that in a
10 hearing such as this all three of us must hear all the evidence and
submissions that are made so the matter is now to be adjourned until next
Monday. I understand Mr Palmer you have an application in relation to some
evidence from Dr Bradley.

15 MR PALMER:

Yes Sir I do.

JUSTICE COOPER:

If you just leave the amended evidence with counsel assisting we can deal
20 with that formally on Monday when Sir Ron is back.

HEARING ADJOURNS: 9.33 AM
